

Halima's first ESOL class

Matching activity

Preparation

- Download, print, laminate and cut up the matching activity as cards – one set for each group.
- Download and print some copies of the matching activity for learners to self-check their answers.

Instructions

1. Divide learners into small groups.
2. Ask learners in their groups to match the feeling images with the words.
3. Learners can then check their answers using the matching activity sheets.

Extension activity

Learners can use the cards to play pelmanism.
